

# ABC Technologies – Employee Policy

## Company Overview

ABC Technologies is a software development company that provides web, mobile, cloud, and data analytics solutions. The company supports employees through training, flexible work practices, and professional development programs.

## Casual Leave Policy

Employees are eligible for 12 days of casual leave per calendar year. Casual leave should normally be requested in advance through the company's leave management system. Approval depends on business requirements and the employee's manager.

## Sick Leave Policy

Employees are eligible for 15 days of sick leave per calendar year. Employees should inform their manager as soon as possible when they are unable to attend work because of illness.

## Working Hours

The standard working hours are 9:00 AM to 6:00 PM, Monday to Friday, with a one-hour lunch break. Employees may have different schedules when approved by their manager.

## Work From Home

Employees may work from home when permitted by their department and manager. Employees working remotely are expected to remain available during their agreed working hours and attend scheduled meetings.

## Annual Leave

Employees are eligible for 18 days of annual leave per calendar year. Annual leave should be planned in advance and approved by the reporting manager.

## Training and Development

The company encourages employees to participate in technical training, workshops, certifications, and professional development programs. Employees should discuss relevant training opportunities with their manager.

## IT and Security

Employees must protect company information, use strong passwords, and avoid sharing confidential company data with unauthorized persons. Company devices should be used responsibly and securely.

## Contact

For questions about company policies, employees should contact the Human Resources department.
